

NORTHERN LAKES VACATION HOMES

Northern Lakes Vacation Homes is a state of Wisconsin licensed real estate broker and a full service property management company, specializing in the short term rental of waterfront properties in Wisconsin's Oneida County area.

The laws in the area have recently changed, meaning that short term rentals (weekly) are now not only possible, but can be extremely profitable.

At present, the demand for lakefront rentals is exploding. Vacationers nation wide want to visit Wisconsin's Northwoods but the supply of quality accommodations remains very low.

The opportunity to open your door to supplemental income has arrived. This is where Northern Lakes Vacation Homes can help you achieve your goals.
